

International Rogaining Federation

Rules of Rogaining

Rogaining is an amateur sport to be enjoyed by social and competitive participants and event organisers. These rules have been drafted with simplicity and enjoyment as primary guides and govern the conduct of all rogaining events organised by any group affiliated with the International Rogaining Federation. The rules are composed of four parts as follows:

- Part A: Introductory Comments
- Part B: Rules for Participants
- Part C: Technical Standards for Organizers
- Part D: Special Requirements for the World Rogaining Championships

The Introductory Comments (Part A), the Rules for Participants (Part B), and the Technical Standards for Organizers (Part C) apply to all national championship rogaines as well as the World Rogaining Championships. The Special Requirements for the World Rogaining Championships (Part D) apply to that event only.

Part A: Introductory comments:

- A1. National Associations may adjust the Rules for specific events where they consider this appropriate.
- A2. The Technical Standards for Organizers set out the minimum requirements for championship rogaines. Improvements beyond these minimum standards are encouraged. Further valuable information can be obtained from the “Guidelines for Organizers” published in the latest edition of the manual “Organizing a Rogaine” published by the IRF.
- A3. The IRF supports the policy of the International Olympic Committee banning the use of performance-enhancing substances by participants.
- A4. In interpretation and use of these Rules, participants, organisers, committees and jury panel members shall at all times be guided by a sense of fair play.
- A5. For the majority of participants, rogaining is a social and recreational activity. The purpose of these regulations is to introduce a standard based on wide experience that will enhance the sport in general and allow for a competitive element to the sport that is based on fairness. Many of the competition rules relate to safety and etiquette. Rogaining has a high reputation with government and landowners because of this. Breaches of these rules will threaten the survival of the sport. Organisers must pay particular attention to ensuring that all participants in an event, irrespective of their competitive status, are aware of the importance of abiding by the regulations on which the sport’s reputation depends. In particular competition rules; B1, B2, B5, B9, B10, B14, B19, B20, B21, B22 & B27 are fundamental to the continued survival of the sport. Participants who contravene these rules may be banned from future rogaines.

Part B: Rules for Participants

Rogaining is the sport of long distance cross-country navigation for teams travelling on foot. The object is to score points by finding checkpoints located on the course within a specified time. Checkpoints may be visited in any order.

Definition

“The course” means anywhere a team travels during the time of the rogaine but specifically excludes the access road and areas in the proximity of an administration area designated for non-competition use by the organisers, for example for parking or camping. “Event site” includes the course and any administration, access and non-competition areas.

Entries

- B1. A team shall consist of two, three, four or five members.
- B2. A team that has a member under fourteen years of age shall also have a member eighteen years of age or over.
- B3. Competition placings are awarded in several sections based on the age and gender composition of teams. Each team is automatically entered in the Open section and all other sections of the competition for which it is eligible.
- B4. No member of a team shall have been involved with the organisation of the rogaine so as to have a prior familiarity with the rogaine course or the fieldwork of the rogaine map.

Respect for Land and Property

- B5. Competitors shall respect public and private property.
 - (a) Competitors shall not cross newly sown ground or growing crops, except if specifically permitted by the organisers, or any area deemed out-of-bounds by the organisers.
 - (b) Competitors shall keep a reasonable distance from dwellings and stock with young.
 - (c) Competitors shall take due care when crossing fences, crossing at corner posts, solid posts or between wires wherever possible. Each team shall leave any gate in the same state as it was found.
 - (d) Competitors shall not discard litter.
 - (e) Competitors shall not light fires at the event site.
 - (f) Competitors shall not smoke on the course.
 - (g) Competitors shall not unduly damage or disturb native flora or fauna.
 - (h) Dogs and weapons of any kind, including firearms, are prohibited at the event site.

Conduct of Competitors

- B6. Competitors shall not enter the course until the official start is signalled.
- B7. The only navigational aids that may be carried on the course are magnetic compasses, watches and copies of the competition map. The possession of other navigational aids, including pedometers, altimeters and GPS receivers on the course is prohibited. The possession, at the event site, of maps that provide additional information not shown on the competition map is prohibited.
- B8. The use of computers for course planning is prohibited.
- B9. Competitors shall travel only on foot.
- B10. Members of a team shall remain within unaided verbal contact of one another at all times whilst on the course. A team shall demonstrate compliance with this requirement to any event official or other team on request.
- B11. A team shall surrender its score card to any event official, and shall advise their team number to any event official or other team, on request.
- B12. A team shall not accept assistance from, nor collaborate with, other people, nor deliberately follow another team.
- B13. No food nor equipment shall be left on the course before the event for a team’s use, and no food or equipment shall be left on the course.
- B14. Each competitor shall carry a whistle at all times whilst on the course. In an emergency a competitor shall give a series of short blasts on their whistle.

Checkpoints

- B15. All team members shall simultaneously approach to within 20 metres of each checkpoint for which points are claimed.
- B16. In order to gain points for a checkpoint, teams must punch the scorecard provided by the organisers in the correct square with the punch at the checkpoint marker and fill in any intention sheet at the checkpoint with the time of arrival, the team number and the number of the checkpoint that they intend to next visit. If a team punches an incorrect square, they will still be eligible for the points for that checkpoint provided they notify the organisers immediately upon returning to the administration.

IRF Rules – Parts A-D

B17. In the event of the scorecard being lost, a team may record punch marks on any single sheet. The organisers will accept this so long as the punch marks are discernible, and the team can identify to the organisers the checkpoint number for each of the punch marks.

B18. Competitors shall not deliberately rest within one hundred metres of a checkpoint unless the checkpoint is also a water drop.

B19. Competitors shall not adversely interfere with a checkpoint, water drop or any other facility placed upon the course by the organisers.

Administration Areas

B20. Whenever a team visits an administration area, all team members are required to report together to the organisers and surrender their team's scorecard. The team shall only collect its scorecard immediately prior to leaving that administration area.

B21. A team shall finish by all of the members reporting together to the designated finish administration area and surrendering their scorecard.

B22. If a competitor wishes to withdraw from a team for any reason, the entire team shall return to an administration area and notify the organisers. The original team shall be deemed to have finished the event. If a new team is formed it may be admitted to the competition at the discretion of the organisers but no points shall be credited for checkpoints already visited.

Penalties and Protests

B23. The penalty for breaching these rules is disqualification except for rules B16 and B18 for which the penalty is the loss of points for the checkpoint under consideration. Any team disqualified under this rule shall be recorded as disqualified (**DSQ**).

B24. A team may voluntarily withdraw, by advising the organisers immediately upon their finish, if they have breached any rule for any reason and shall be recorded as withdrawn (**W/D**).

B25. Within forty-five minutes of the nominated finish time, a team may report to the organisers about any team thought to have breached these rules, or may protest in writing to the organisers about any actions of the organisers that they consider made the competition unfair.

B26. A team that is not satisfied with any decision of the organisers may appeal in writing to the committee of the organising association within seven days of the publication of the official results. This committee shall have the power to overrule the organisers and to amend the results accordingly. No further appeal is permitted.

Scoring

B27. No team shall start until the organizers announce the start. The event shall finished at the advertised finish time as determined by the organizers' clock. Teams finishing late will be penalised at the rate per minute or part thereof specified in advance by the organisers. Teams finishing more than thirty minutes late shall be deemed ineligible for a placing and their result shall be recorded as **LATE**.

B28. A team's score shall be the value of the checkpoints visited and correctly verified in accordance with these rules, less any penalties. The team with the greatest score, or in the event of a tie the team that finished earlier, shall be awarded the higher placing.

B29.

a) If a checkpoint is misplaced, teams who recorded a visit to the misplaced checkpoint will receive the points for that control and teams who can satisfy the organizers that they visited the correct site will also receive the points for that control.

b) If a checkpoint punch cannot be used, teams will receive the points for that control if they can satisfy the organizers that they visited that control (preferably by writing on the intention sheet if there is one).

General

B30. Any team hearing a distress signal must abandon their course and help in any way needed. No team shall be penalised for any rule breached in the course of giving such help.

Part C: Technical Standards for Organizers:

C1. All championship rogaines shall be of 24 hours duration and shall start and finish at 12 noon or such other time as may be agreed that will give a similar duration of daylight both before and after the period of darkness. It is recommended that organizers provide optional bus or similar transport to the event site for participants who choose not to drive.

C2. The course shall be designed so that the winning team is likely to visit most but not all checkpoints.

C3. The organising team shall include one or more Course Veters who are suitably experienced rogainers approved by the organising association. The Veters shall ensure the fairness of the event and that the style, balance and length of the course are appropriate to the event. The Veters shall also inspect the course looking for any unwanted problems that it could present to competitors, including the location and number of water drops, any inaccuracies in checkpoint placement or description, and potential safety hazards. The Veters, operating independently of the person who set that checkpoint, shall check the location of each checkpoint. The Veters shall check to ensure the map, the checkpoint description, the terrain accuracy and checkpoint locations are fair from all obvious attack points in all reasonably expected light conditions. In the event of an unresolved dispute, the Veters shall refer the matter to the organising association.

C4. Each competitor shall be provided with a copy of the event map. The map shall:

- a. Be at a scale between 1:24,000 and 1:64,000.
- b. Have a contour interval that is not more than 20 metres and is suitable for terrain legibility.
- c. Be clearly readable under natural and artificial light.
- d. Be pre-marked with grid or magnetic north lines, magnetic north, checkpoint locations and numbers, water drop locations and known out-of-bounds areas.

C5. Advance information for the event sent to each team shall state the map scale and shall give a brief description of the terrain. It shall also state the starting and finishing times, the time at which maps and checkpoint descriptions become available and the points penalty for finishing after the nominated finish time.

C6. A copy of the Rules for Participants (Part B) shall be included with the pre-event information sent to competitors. In addition, a copy of the Rules for Participants shall be on display at the administration area from the time that maps become available until the finish of the event.

C7. Each competitor shall be provided with a complete list of checkpoint descriptions. Descriptions shall follow the guidelines in the IRF "Organizing a Rogaine" manual. In particular, features explicitly shown on the map are prefixed by "the" and other features are prefixed by "a".

C8. Maps, checkpoint descriptions, any known map changes, and other essential information shall be available as written handouts at least two, and not more than four, hours before the start time. Every reasonable effort shall be made to ensure that any necessary last minute changes are communicated to all teams. Written copies of last minute changes must be on display to all participants.

C9. The identifying numbers allocated to checkpoints shall be allocated in ascending order of points value in order to facilitate route planning. It is preferred that the first digit of the checkpoint number reflects its points value.

C10. Markers used at checkpoints shall be:

- a. three-dimensional with a minimum of three vertical faces,
 - b. a minimum 800 cm² on each face,
 - c. of bright colours, preferably orange and white,
- so as to be clearly visible in the open in daylight from at least 50 metres.

C11. Each marker shall be placed in such a manner that competitors who successfully navigate to the correct position have little or no trouble finding the marker. Unless located on a specifically defined point feature or otherwise indicated on the checkpoint description sheet, the marker shall be generally visible from at least 25 metres in most directions in clear daylight and shall be between 0.5 and 2 metres above the ground (preferably near eye level) and easily reached. Markers shall be as close as possible to the

IRF Rules – Parts A-D

checkpoint feature. Where it is necessary to place a marker in a position which is either more than 10 metres, or not obviously visible, from the feature then a magnetic bearing and distance to the marker from the feature shall be included in the checkpoint description.

C12. During the event, the organisers shall not release any information relating to provisional results, the progress of any team, or the route chosen by any team.

C13. Competitors shall be able to obtain suitable food and drinks at one or more "hash houses" at all times not later than six hours after the start until at least one hour after the finish of an event. If there is more than one hash house, it is not necessary that all remain open for the full time, but when maps are distributed competitors shall be informed of the times when food is available at each one.

C14. In the event of there being inadequate sources of naturally occurring drinking quality water on the course, organisers shall provide sufficient water drops that competitors do not have to carry an excessive quantity of water. Organisers shall ensure that water is available at these water drops for the duration of the event. Water drops shall be placed on obvious navigational features and described on the checkpoint description sheet. Their locations shall be vetted in the same way as checkpoints. Water drops may be at checkpoints. Organisers may provide fruit or other food on the course at either water drops or checkpoints for the use of participants. Any such food points, including the times of food availability at the point, shall be so noted on the checkpoint description sheet.

C15. There shall be three gender classes of competition: **Men's** teams, **Women's** teams, and **Mixed** teams, the latter being all teams that contain at least one female and one male rogainer. Within each gender class, **all teams are in the Open age category**. In addition, some teams will be eligible for restricted age categories as follows:

- a) **Junior**: all team members must be under 18 years of age on the first day of competition. (Note: under 20 for World Rogaining Championships)
- b) **Veteran**: all team members must be 40 years of age or over on the first day of competition.
- c) **Super Veteran**: all team members must be 55 years of age or over on the first day of competition. (Note: all super veteran teams are automatically in the veteran class also).

C16. The organisers shall determine a team's score by reference to the team's scorecard. If there is a dispute or inconsistency, the organizers may refer to the entries on the checkpoint intention sheets.

C17. The full results of the event shall be published and distributed to all participants as soon as reasonably practical after the event. These results shall show the team members' names, team number and points score for every team, together with their overall placing and their placing in every class for which they are eligible. Withdrawn, late and disqualified teams shall also be shown.

C18. Any report of an alleged rule breach by a team, or protest by a team against the organisation of an event shall be considered and determined by a three person jury prior to the announcement of the results for that event. The jury shall be drawn from a panel of suitably qualified and experienced rogainers nominated by the organising association. The names of panel members shall be made known to the association members either by publishing at least annually in the association newsletter, or by setting out in the pre-event information distributed to participants. The panel members selected for any specific jury shall be selected by the organisers and shall meet the following criteria:

- i. Members of the team protesting, reporting or being reported against shall not be on the jury.
- ii. Members of the organising team shall not be on the jury.
- iii. No member of the jury shall have a vested interest in the jury's determination to the extent that disqualification of any team, who is the subject of the jury's determination, would move that member's team's placing into or within the first three placings in any age/gender category.

The event organiser and Course Vetter shall assist the jury in hearing any report or protest as required, but shall not have a vote in the determination. In hearing any protest or report, the jury shall use all reasonable means to gather as much data as is reasonably necessary, and shall give a fair hearing to both the team making the report/protest, and the party being reported/protested against.

C19. In the event that an appeal is made to the committee of the organising association, any member of that committee who would be ineligible to be a member of the jury under T18 above, shall be ineligible to participate in the determination of the appeal. The committee shall examine all available data in respect

IRF Rules – Parts A-D

of the original report/protest (if any) and the appeal, and shall seek other input as it sees fit in making its determination. The committee shall give a fair hearing to all parties involved in the matter, including the team originally reporting/protesting (if applicable) and must notify the affected teams of their decision within two weeks of the decision. The decision of the committee of the organising association on any appeal shall be final.

C20. The committee decision of any appeal, which effects the final results of an event, shall be published at the earliest convenient opportunity in the newsletter of the organising association.

Part D: Special Requirements for the World Rogaining Championships

- D1. The World Rogaining Championships are the Championships of the International Rogaining Federation. Their organisation is the responsibility of the designated national or regional group chosen for that event by the IRF.
- D2. Any adjustment of the Rules for a World Rogaining Championships requires the approval of the IRF.
- D3. The Course Vetter for the Championships shall be an experienced rogainer who has participated in at least three prior championship rogaines and is approved by the IRF. The organising association shall advise the IRF of the names and experience of all key technical organisers of the Championships, including the Course Vetter, not less than two years prior to the date of the event. Any changes to the Course Vetter following their approval by the IRF shall be notified to the IRF as soon as practical.
- D4. The map to be used for the World Rogaining Championships shall meet the following additional requirements:
- Be at a scale between 1:25,000 and 1:50,000.
 - Be printed in at least four colours.
- D5. The organisers shall arrange bus transport from a suitable major city to the event site for participants in the World Rogaining Championships. The timing of the buses and number of seats shall be such as to suit the expected demand. The users of bus transport shall be charged for this transport on the basis of full cost recovery if the buses are 90% utilised.
- D6. For the Junior section at the World Rogaining Championships, all team members must be under 20 years of age on the first day of competition.
- D7. The team with the highest score in the World Rogaining Championships in each gender class shall be the World Rogaining Champions, irrespective of which age category they are entered in.
- D8. The panel of rogainers suitable for possible inclusion in a jury at the World Rogaining Championships shall consist of all members and observers on the International Rogaining Federation, plus all members of the Australian Rogaining Association Council plus other suitably qualified rogainers as approved from time to time.
